

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application of Southern California Edison Company (U 338 E) Regarding the Future Disposition of the Mohave Generating Station.

Application 02-05-046

**ADMINISTRATIVE LAW JUDGE'S RULING DENYING MOTION
OF SOUTHERN CALIFORNIA EDISON COMPANY FOR MODIFICATION
OF RULING TO PERMIT REPLY BRIEFS**

Summary

This ruling denies the motion brought by Southern California Edison Company (Edison) for clarification or modification of the June 13, 2003, ruling to permit parties the opportunity to file reply briefs.

Background

On June 13, 2003, I issued a ruling requesting additional briefing on four specified topics by July 1, 2003. That order also stated that no reply briefs were requested at that time.

On July 1, 2003, Edison filed and served its brief addressing the specified topics, and simultaneously filed a motion for clarification or modification of the June 13, 2003. In particular, Edison is requesting that the ruling be modified to allow all parties a reasonable opportunity to respond to other parties' testimony and briefs of July 1, 2003.

Discussion

After consulting with Commissioner Lynch and staff assigned to this proceeding, we determined that no additional briefing is necessary at this time. The briefs and testimony filed on July 1, 2003, adequately addressed the specified four topics, giving the Commission sufficient information and breadth of positions. No reply briefs are requested at this time.

IT IS RULED that Southern California Edison Company's request for clarification or modification of the June 13, 2003, ruling to permit parties the opportunity to file reply briefs is denied.

Dated August 5, 2003, at San Francisco, California.
